

# YEAR 5 NEWSLETTER

Summer 2 - Miss Padley

## Achievements

During this term, your child will complete a final assessment week whereby they will complete 3 maths papers (arithmetic, reasoning 1, reasoning 2), a grammar and punctuation paper, a spelling paper and a reading paper. You will become aware of how well your child has done with these when reports are sent out on Friday 13th July.

## Move up days

As always during the summer term, your child will complete move up days/mornings to enable them to transition more smoothly into their year group for the next academic year. The first of these will take place on Friday 29th June.

## UAH

On Wednesday 27th June, the year 5 children will be attending a taster day at the University Academy Holbeach. This will enable them to get a good idea of what the school is like in action in preparation of them taking the 11+ during the next academic year. Letters will be sent out shortly.

## Curriculum

It is hard to believe that it is the last term of our journey together in Year 5. How quickly this year has flown by!

Our topic will continue to be 'All Around the World'.

## Religion

The children will be learning about the topic of Muslim beliefs and lifestyle. As part of this, they will learn about the beliefs and values that this faith community has. They will also explore Islamic practice in worship and in action.

## French

The children have a new topic this term of Les vêtements (clothes). They will be learning how to say various items of clothing and accessories in French. They will also be introduced to the French phrase for 'I wear' - je porte and will learn how to use this verb to talk about other people as well, e.g. he wears/she wears.

## Mathematicians

During our math's lessons this measurement and converting

**Other dates for your diaries:**

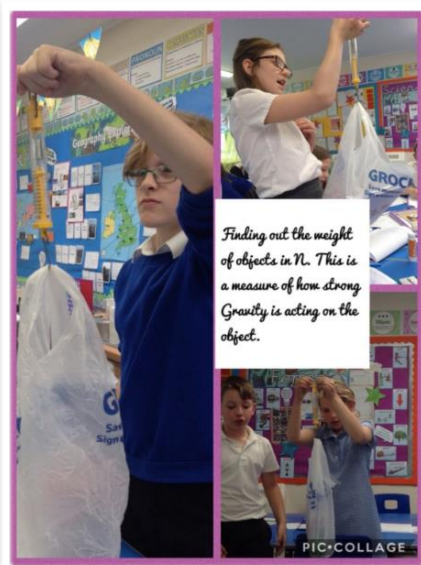

- Sunday 8th July - Summer fayre
- Friday 6th July - Sports day and if this is unable to go ahead due to bad weather then Friday 13th July will provide a second opportunity.

term, we will be focusing on measures. This involves looking at units, perimeter and area and also measuring volume. When these topics are complete, we will have covered the whole of

year 5's curriculum content and will spend time consolidating our previous learning.

**PSHE**

During PSHE lessons, our new topic is relationships. We will be exploring: how to make friends, how to solve friendship problems when they occur, how to help others feel part of a group, how to show respect in how we treat

others, how to help ourselves and others when upset or hurt and finally to know what makes a good relationship.

**Production**

A big focus during this final term will be on our year 5 and 6 production. Auditions have been undertaken and

positions have been cast. Your child should now be aware of which part they are going to play in our production of 'The Amazing Adventures of Superstar'. The performances will take place on the evenings of Monday 9th July and Tuesday 10th July. Letters will shortly be sent out with regards to costumes and tickets for this occasion.
