

Maths

Find some objects in your home and write the fact families for them. For example:

6

$$4+2=6$$

$$2+4=6$$

$$6=4+2$$

$$6=2+4$$

English

Using your half term project to write instructions for building a paper tower.

Science

Have a look around your home and see if you can find the following materials:

- Plastic
- Glass (be careful)
- Metal
- Fabric
- Wood
- Rubber

Computing

Using the search engine Kiddle find out 3 facts about London that you didn't know already.

KSI Autumn Term 2 Homework

Please choose an activity from the grid each week and upload your homework to the Padlet found on the Year 1 and 2 class pages.

RE

Research the nativity story.

Answer these questions:

- Where was Jesus born?
- Where did Mary and Joseph travel from?
- Do you think it was an easy or hard journey?
- Why?

Music

As we can't sing Christmas songs in school. Please learn a Christmas Carol.

We would love to hear you singing part of it on the Padlet.

Spellings

Uploaded on the Padlet you will find the Common Exception Word list for your year group.

Please choose five words a week to learn at home. There will not be a test on this as we will complete spellings in school but it would be great to see some of these words spelt correctly in the children's work.

I will also upload some workbooks etc. for the children's spelling work on the Padlet, these are not essential but something a little different if the children wish to use them.

PE

Learn the dance moves to your favourite song.
