

# Clear Out — TO — HELP OUT

*Do you have unwanted computer equipment lying around and you're not sure how to dispose of it?*

*Donate your old laptops and printers to help local families with school aged children.*

Many families are struggling with the demands being asked of them to complete home learning for their children because they simply do not have access to the equipment needed. This is a huge nationwide problem but ***you are able to help locally.***

We are accepting anything from single items from individual households to large corporate donations when clearing out IT cupboards. Simply drop off at ARK ICT in Pinchbeck and they will do the rest - remove and destroy old data securely, install the required programs and distribute via schools to families that are in need. Any equipment that isn't suitable will be recycled responsibly.

**Donations Accepted:**  
**Monday to Friday 9am - 5pm**  
**Unit 6 Venture Court, Pinchbeck,**  
**Spalding, Lincolnshire. PE11 3BG**  
**(opposite TC Harrison Ford)**
